

International Measurement of Disability: Purpose, Method and Application
The Work of the Washington Group

Table of Contents

Dedication

Introduction

Barbara M. Altman, Washington Group Secretariat

I. Origin of the Washington Group and Issues in Disability Data Collection

1. *Background and Origin of the Washington Group: Improving the State of Disability Data*

Julie D. Weeks, Washington Group Secretariat

2. *Cross-national Issues in Disability Data Collection*

Marguerite Schneider, South Africa

3. *Processes and Milestones of Washington Group*

Cordell Golden, Washington Group Secretariat

II. Census Questions: Purpose, Process and Testing

4. *Purpose of an International Comparable Census Disability Measure*

Barbara Altman, Washington Group Secretariat and Elizabeth Rasch, United States

5. *Summary of Washington Group Question Evaluation Studies*

Kristen Miller, United States

6. *The Harmonized Joint Pilot Tests for 2010 Population Census Round in Latin American Countries: An Integration Experience*

Alicia Bercovich, Brazil

III. Moving Forward: Extended Question Sets and Methodological Advances

7. *Development of Disability Measures for Surveys: The Washington Group Extended Set on Functioning*

Mitchell Loeb, Washington Group Secretariat

8. *The Asian Testing Experience*

Marguerite Schneider, South Africa and Andres Montes, Thailand

9. *The Challenges of Conducting National Surveys of Disability among Children*

Howard Meltzer, England

10. ***Building a “Module on Child functioning and Disability”***
Roberta Crisalesi, Elena DePalma, Alessandra Battisti, and Children’s Workgroup, Italy
11. ***Cognitive Analysis on Survey Questions for Identifying Out-of-School Children with Disabilities in India***
Daniel Mont, England, Sathi Alur, India, Mitchell Loeb, Washington Secretariat, Kristen Miller, United States
12. ***Developing Tools to Identify Environmental Factors as Context for Disability: A Theoretical Perspective***
Barbara M. Altman, Washington Group Secretariat and Howard Meltzer, England
13. ***International Comparisons of Disability Prevalence Estimates: Impact of Accounting or not Accounting for the Institutionalized Population***
Emmanuelle Cambois, Carol Jagger, Wilma Nusselder, Herman Van Oyen, Jean-Marie Robine, France

IV. Conclusions: Outcomes and Place of the Washington Group Measures in International Data

14. ***The Washington Group on the Improvement of Disability Statistics Globally: Perspectives from the Philippines***
Romy Virola and Jessamyn O. Encarnacion, Philippines
15. ***International census/survey data and the short set of disability questions developed by the Washington Group on Disability Statistics***
Mitchell Loeb, Washington Group Secretariat
16. ***Swift and systematic? Identifying and recording disability in forced migration***
Mary Crock and Laura Smith-Khan, Australia
17. ***The Washington Group’s Contribution to Disability Statistics and a Look to the Future***
Jennifer Madans, Washington Group Secretariat
18. ***What if There Were No Washington Group?***
Mary Chamie. and Judy Heumann, United States
