2. Collecting Disability Data: Best Practices for Question Wording, Translation and Implementation
3. Measuring Disability in Children: The WG/UNICEF Module on Child Functioning
4. Data Production and Analysis Using the WG Tools
5. The Importance & Feasibility of Disaggregation by Disability: Monitoring the SDGs and UNCRPD
6. Measuring the Environment and Participation: Inclusive Education and Employment

And lots of DISCUSSION!!

---

# Discussion

---

Further capacity building:

1. What other products are needed?
2. Would region-specific Guideline Documents be useful?
3. Would the establishment of regional centers of expertise in disability statistics and the use of the Washington Group tools be useful?
