Regional Capacity Building

Regional Capacity Building

Potential for building a network of regional focal points for improving disability data

Initial discussion held at regional technical workshops.

- Positive responses

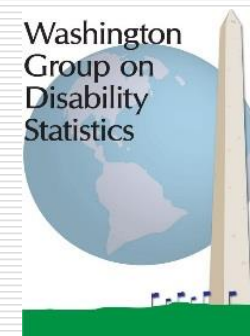

Next Steps

- What might these look like?
- What might they do?

Regional Guidebook to Improve Disability Data Collection and Analysis in the Arab Countries

Implementing
the Washington
Group Questions
on Functioning

Conclusion and Recommendations

Regional Capacity Building

Casablanca Group on Disability Statistics

A Regional Group for Arab-speaking countries under the auspices of ESCWA

Plans to develop:

- a Training Guide for field workers
- a Handbook on Disability indicators specific to the SDGs
- a set of e-learning modules to assist and guide in the collection and analysis of disability data using the WG tools

Questions and Discussion
