Fostering inclusion through data

Summer school course on analysing data on children with disabilities

(Europe & Central Asia) • 21 to 24 August 2023 • Rovereto, Italy

The Centre of Excellence on Data for Children with Disabilities, launched by UNICEF in 2021, in partnership with the Department of Psychology and Cognitive Science of the University of Trento, is organizing a four-day summer school course on analysing data on children with disabilities.

- The training aims to increase participant knowledge on how to analyse and interpret data on children with disabilities obtained through the Child Functioning Module (CFM).
- Open to qualified candidates from countries in Europe and Central Asia where recent national data collection efforts used the CFM and datasets are available.
- Intended for representatives of national statistical offices and other professionals whose primary work is to conduct data analysis.
- Application deadline is May 15, 2023.
